

Dani Roxberry

Instructor, Department of Applied Computer Science

Dominican University of California

50 Acacia Avenue, San Rafael, CA 94901

(512) 850-5067 · danielle.roxberry@dominican.edu · droxey.com

Platform independent and language agnostic, I leverage over 15 years experience architecting innovative digital experiences — and inspire you to do the same!

EDUCATION

NEUMONT COLLEGE OF COMPUTER SCIENCE
BSCS – GPA 3.50

SALT LAKE CITY, UT
Jun 2006 - Jun 2008

- **Curricular Focus:** *Software Engineering*
- **Capstone Project:** *Neumont Object Role Modeling Architect (nORMa)*
Contributed a dialect-agnostic table and column name generation algorithm that enriched native ORM2 diagrams and enabled one-to-one translation to numerous relational SQL sub-dialects. Initial offering included support for MSSQL, PostgreSQL, MySQL, DB2, and Oracle SQL dialects.

EXPERIENCE

DOMINICAN UNIVERSITY OF CALIFORNIA
Instructor, Applied Computer Science

SAN RAFAEL, CA
Sept 2021 – Present

- **Curriculum Engineer:** Create course curriculum; write tutorials, projects, challenges, and assessments.
- **Course Instruction:** Deliver 3 courses per term online; facilitate supervised projects.
- **Track Owner:** Computer Science and Backend Web tracks.

MAKE SCHOOL
Instructor, Full Stack Web

SAN FRANCISCO, CA
Aug 2018 – August 2021

- **Curriculum Engineer:** Create course curriculum; write tutorials, projects, challenges, and assessments.
- **Course Instruction:** Delivered 3 to 5 courses per term both in person and online.

TRILOGY EDUCATION SERVICES
Instructor, UC Berkeley Extension

SAN FRANCISCO BAY AREA, CA
Jul 2017 – Aug 2018

- **Bootcamp Instructor:** Full Stack, Data Analytics & Visualization
- Taught 40+ Full Stack and Data Science topics across 3 UC Berkeley Extension campuses.
- Enabled and empowered student accomplishment daily through 5+ hands-on activities per class period and three portfolio-ready team project deliverables per course.

Dani Roxberry

BITORIENTED INC.
Founder & Chief Executive Officer, Lead Consultant

SAN FRANCISCO, CA
Nov 2014 – Aug 2018

Key Projects →

- **LaRue Tactical** (*Django*): Built a custom platform to enable business processes for the bespoke manufacturing, purchase, and fulfillment of tactical gear. Automated receipt and package label printing for UPS, FedEx, and USPS packages via a customized ConnectShip integration.
- **SherriHill** - (*Django*) Designed, developed, and deployed the latest administrative interface for shopping and social media integrations leveraged by SherriHill employees. Enhanced automation for incoming purchases that features automated receipt printing at the time of customer purchase.

FRAMEBUZZ INC.
Founder & Chief Technology Officer

AUSTIN, TX
Mar 2013 – Jul 2017

- Free, online video conversation platform that enables moment-by-moment discussions within a video. As the facilitator of interesting conversations between content creators, experts, and consumers, FrameBuzz brings more to a conversation than just words – it brings meaningful connections and unique perspectives that help shape the way a video is perceived, shared, and discovered.
- Singular architect of both the product and codebase, fulfilling code requirements and providing the technical diagrams and expertise required to facilitate patent acquisition.

PROACE TECHNOLOGY SERVICES
Senior Systems Engineer

AUSTIN, TX
Apr 2011 – Mar 2013

Key Projects →

- **Albatross Golf** (*iOS*): Mobile app for location based golf course coupons and membership.
- **Ambience Artists** (*Django*): Music label artist management.
- **AnthemVault** (*PHP*): Purchase physical gold and silver assets online: easy, fast, and safe.
- **Arch Telecom** (*.NET*): Web application for autonomous phone dialing and agent leg connection.
- **FrontPorch** (*iOS*): Social network to transact services and items in your neighborhood.
- **FrameLot** (*PHP*): Optometrist owned platform wherein users can purchase prescription eyeglasses, sunglasses, and frames online.
- **GetWashed** (*iOS*): Location based coupons and deals for car washes.
- **GroupWink** (*iOS*): Arrange group dates with friends.
- **Institute of Physical Art** (*PHP*): Website to purchase courses from the Institute online. Backend administration for faculty and students.
- **Marketouch Media** (*.NET*): Web applications to schedule pharmacy phone operations. Administrative interface to manage telecom software deployments. Additional utility applications as required.
- **TAM** (*.NET*): Interface to manage oil field employees that oversee the drilling of wellbores, improving accuracy of in-field data collection. Result: standardized reports later utilized in a business capacity.

HIRSHORN ZUCKERMAN DESIGN GROUP (HZDG)
Senior Interactive Developer

AUSTIN, TX
Oct 2010 – Jan 2011

- Lead and mentored the internal HZDG development team on the Titrade Solutions software development paradigm and stack, assisting with questions and troubleshooting localized development problems.
- Established an Agile approach to team management, introducing regular QA and code review of mentees.

Dani Roxberry
